ABOUT THE EVENT

BIN@PORTO 2021 is an exciting networking opportunity for you to connect with worldwide representatives of academia, science & technology parks, incubators, tech based firms, investors and many other stakeholders.

BIN@PORTO 2021 will be a highly motivating experience with Open Sessions, Action Tank Sessions dedicated to different topics, Tech Demo and Business Showcase, Workshops as well as further complementary events and surprising social programme. The event is organised by the Faculty of Engineering of the University of Porto (FEUP) and supported by U.PORTO's tech Park (UPTEC).

ABOUT BIN@

Business & Innovation Network (BIN@) is an international network of academic and industry partners engaged in supporting the creation of a sustainable platform for sharing best practices and opportunities in innovation. It was founded by 3 Universities: Porto, Sheffield and São Paulo. Currently, the network has over 4000 delegates worldwide and has organised 13 international events in Portugal, UK, Brazil, Romania, Poland and the latest one in 2020 in a fully digital format.
